

DC PRESERVATION LEAGUE | PRESERVATION INITIATIVES GRANT

APPLICATION TIPS & INSTRUCTIONS¹

The DCPL Preservation Initiatives Grant features an online application system. The selection process for grant recipients is competitive. Applicants are encouraged to develop their grant proposal carefully and consult DCPL staff, as needed, during application preparation.

When applying online, to avoid the risk of losing your data, we recommend that you enter your responses to the application sections in a separate document (e.g. Microsoft Word) and then copy and paste your responses into the provided form.

All grant applications will be reviewed for completeness by DCPL staff and will be further vetted by a grant selection committee. Committee members are carefully selected to ensure that the committee best represents the mission and goals of the grant program.

Each application will be scored based on the following selection criteria:

HISTORIC SIGNIFICANCE	PROJECT MANAGEMENT	COMMUNITY IMPACT	PROJECT URGENCY
<p>Cultural significance to Washington, DC</p> <p>Alignment with the mission of the grant program</p> <p>Project contributes to equitable distribution of grant funds within intended grant areas</p>	<p>Project is well-defined and has an achievable scope</p> <p>Schedule is clearly defined with achievable project goals identified</p> <p>Demonstrates capacity and experience with budgeting</p>	<p>Demonstrated community interest and support</p> <p>Project includes educational or public outreach activities</p> <p>Final project will be accessible to the public</p>	<p>Property is threatened by incompatible development or demolition</p> <p>Property or site has been identified as an endangered historic property</p>
35 POINTS	25 POINTS	25 POINTS	15 POINTS

¹ Adopted by the DC Preservation League Board of Trustees

GRANT APPLICATION MUST INCLUDE:
